

GUARDRISK NEWSFLASH

17 March 2020

Dear valued clients, brokers and associates,

Guardrisk is closely monitoring developments relating to the COVID-19 pandemic. As a responsible and patriotic corporate citizen, we are committed to doing what we can to protect our staff, without compromising the service we provide to you, our valued clients and brokers.

Guardrisk has put in place plans to mitigate risks associated with COVID-19. This includes limiting gatherings – including conferences and events; allowing staff to work from home when suitable and keeping them safe in the office when they are on site; limiting business travel and encouraging staff to self-isolate when appropriate. In the coming weeks, we will continue to place our corporate responsibility to our staff, clients and the country at the heart of everything we do.

May I take this opportunity to wish you and yours good health and safety. If you have any questions or concerns, please do not hesitate to be in touch with your Guardrisk point of contact.

Kind regards,

Herman Schoeman
CEO
